

# GPA Training

Gentle Persuasive Approach (GPA) is an innovative dementia care education course based on a person-centred approach.

As part of this training, participants will learn how to respond to behaviours related to dementia with confidence and skill, improve communication, and create environments that contribute to a safer community.

This training is open to any and all community members including family caregivers, staff in retail and restaurant services, community volunteers, public employees, etc.

As part of the Dementia Friendly Initiative in your community, we are offering this training for free. All participants will receive a GPA workbook and certificate of completion.

**When:** Wednesday, February 23rd

**Time:** 9:00 am – 4:00pm

**Where:** Zoom

Contact Samantha to register  
by February 16th, 2022.
