~ A Message From Mayor Dave Morrison ~

Hello fellow Hanwellians. A great big thank you and congratulations goes out to the Upper Kingsclear Volunteer Fire Department for their 60th anniversary. These folks put in a lot of time and are extremely dedicated in what they do. The department currently consists of 55 well trained firefighters, consisting of men and women, covering many age groups. The UKFD have come a long way from starting out with a converted oil truck and a few concerned citizens. We are all in your debt for your dedication and loyalty to your community. Chief Murray Crouse was inducted into the Hall of Flame on May 27th. Congratulations to our Chief.

We had a beautiful day for the Second Annual Hanwell Golf Tournament. 56 players turned out for the event and a good time was had by all. Team Bissonnette (Simon Bissonnette, Jim McKim, Pat Pollard, Nathan McGuigan) won with a score of 26, 4 under. Same team as last year! Is this a trend? Logan Brown had the longest drive (310 yards) and closest to the pin (I wonder if he can repeat next year without a driver?). Team Lamb was the most honest team, with the score of 36. This event just keeps getting better. Hope all + can tee it up in 24.

You and Your Dog in Hanwell Rural Community

It would be interesting to know just how many dogs live in Hanwell Rural Community. Given the known benefits of dog ownership, it is likely a big number. Dogs provide companionship and unconditional love no matter the age of their owner. They make their owner feel secure and less isolated. They can be part of their owner's social network, especially when they get their daily walk in public areas where they can visit with other humans and dogs alike.

Throughout Hanwell Rural Community, dogs are welcome in municipally owned parks and property, however, owners must respect the Community Dog Leash Policy (#2018-01) and the Provincial Dog Act. Here are the things to remember about these regulations:

1. Dogs being walked anywhere (including along streets and roads) in Hanwell Rural Community, must be leashed unless it is in the off-leash section of the Hanwell Park Trail.
2. For the safety and security of everyone, dogs are not permitted to be at large, and must be in the control of their owner or care giver at all times.

Finally, did you know that when dog waste is left to break down on its own, it can get into our waterways through runoff? Fecal coliform bacteria can become a problem, as well as, algal blooms from all the extra nutrients from the dog poop. The ditch or stream water can become contaminated, with potential health

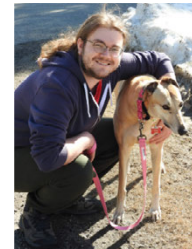

risks.

For sanitation safety and the ability for everyone to enjoy the outdoor spaces in Hanwell Rural Community, please make sure to clean up after your dog. That includes carrying the waste home for disposal in your household garbage.

The Dog Leash Policy #2018-01 can be found here: <https://hanwell.nb.ca/wp-content/uploads/2015/09/Policy-2018-01-Dog-Leash-Policy-Adopted-Feb-15th-2018.pdf>

Regulation 84-85, under the *Municipalities Act (known as the Provincial Dog Act)*, which applies to Rural Communities (s. 3(b)), including prohibitions and fines, can be found here: <http://laws.gnb.ca/en/showfulldoc/cr/84-85//20191218>

Hanwell receives services for animal control through the SPCA, and a portion of our taxes provides the support for these services. The Animal Control Officer can be contacted at 1-877-722-1522.

Geocaching – A Great Activity for Everyone!

By: Local Resident, Ron Green

You may have heard of geocaching, but may not be aware of how it works. Geocaching is an outdoor recreational activity. To get started, it's as easy as loading the free app on your phone, and creating an account with a username and password. This allows you to see caches that are easy to find and have an easy terrain level. Finding caches at a higher level of difficulty requires a paid membership. However, there are plenty with the free basic membership to get you started and keep you busy. You decide when to upgrade.

There is a lot of information available at the geocaching.com website. This includes videos, tips, and more insight into various aspects of the activity.

A lot of caches are along walking trails; many are family and dog friendly. There are 14 along the trails behind Hanwell Place, and another 4 nearby. I feel lucky to live in Hanwell, as there are over 500 caches within 5 km of my home on Ferguson Road.

I am a member of Capital Region Association of Geocachers (CRAG), which is a registered, non-profit organization. CRAG is very active in the Rural Community of Hanwell, working toward making it a geocaching destination. Members have placed caches in the community, and are planning to offer more opportunities for people in the community to learn firsthand, about this fun and rewarding hobby. CRAG has events planned within the community to help get you and visitors "Inspired by Nature".

Please join us Friday, July 7th,

2023, from 10:00 am – 2:00 pm, at Hanwell Place. You will have a chance to meet geocachers, some who will be in the area to attend the fifth Maritime Mega (MMV) geocaching event on Saturday, July 8, 2023, at Journey Wesleyan Church.

CRAG members will be onsite to answer questions and help guide you to your first geocache. Draw prizes will be offered for attending this free event.

Seasonal Allergies got you Down?? There is Hope!!!

Presented by:

The Medicine Shoppe Pharmacy Hanwell.

Spring means flower buds and blooming trees, and for some people who have seasonal allergies, it also means sneezing, itchy or watery eyes, runny nose, nasal congestion and headaches – also called hay fever or allergic rhinitis. Allergy symptoms can interfere with an individual's productivity at school or work. They also interfere with overall quality of life, because of difficulty concentrating and fatigue, due to sleep disturbance.

The symptoms are a reaction to the allergens in the air. An allergen can be anything that causes an allergic reaction. Allergies to pollen, weeds, grass, trees, or mold often cause seasonal allergic rhinitis. The good news is WE CAN HELP. This summer, we want you to be able to get outside and enjoy the great outdoors.

Allergic rhinitis is one of the many minor ailments that pharmacists can diagnose and treat with over-the-counter and/or prescription medications. Don't waste time suffering from annoying allergy symptoms, and call us at 506-206-7667, or come in and see us today We are your personal Medicine Shoppe Pharmacist, and we are here to help!
