BOIL WATER ADVISORY

RESCINDED

EFFECTIVE IMMEDIATELY

To: All Residents of Birchwood Estates

Your water is once again safe to drink.

Thank you for your patience and your cooperation during this major inconvenience. You are no longer advised to boil water before consumption.

The prolonged power outage that occurred on Friday, July 12th, 2024 caused your water distribution system pressure to drop below a safe level. Continued water use during a power outage causes a "vacuum" to develop inside your water distribution pipes. A negative distribution system pressure risks "sucking" bacterium from the ground around the buried pipe and into the clean water supply.

The Boil Water Advisory was a precautionary measure issued by the NB Dept. of Health because your health is of the utmost importance.

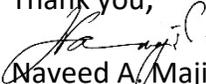

If you have comments, concerns or questions about your water and/or wastewater systems, please use the information provided on the side-panel to contact Freelance Environmental, anytime.

REMINDER: Receive this type of notice via *TEXT* and *VOICEMAIL*. Visit the *Voyent* website and register with the *Voyent Alert!* System for your *Hanwell* Community.

Voyent website: <https://voyent-alert.com/community/>

Register with Voyent Alert! : <https://ca.voyent-alert.com/vras/client.html#!registration>

And, if you have not already done so, add your email address to Birchwood Estates' distribution list and receive these Memos via email. Simply email your request to nam@namfreelance.com.

Thank you,

Naveed A. Majid, P.Eng
